Classroom Border-
Green Grass

Instructions

1. Cover the bulletin board with the color background of your choice. We recommend blue or light green . (You can use desired number of large Mighty Bright Sheets for this.) Place Green Grass Border along the bottom edge.
2. With the color paper of your choice, draw and cut out a caption for your back to school bulletin board. [TIP: Insert 8.5" x 11" Bright Paper into your printer, print out a caption in outline format, and cut out.] Some ideas are: "Hop Right into __ Grade" / "__ Grade Makes Us "Hoppy" / "__ Grade is full of "Hoppy" Students!"
3. Glue/ Tape the words to the top or center of the back to school bulletin board. Then cut a piece of Green Grass Border the length of each word and glue/ tape beneath the word, overlapping slightly, as shown in photo.
4. Glue a Wiggle Eye to each bunny, and write each student's name on one bunny. Glue bunnies to the bulletin board.
